Education

Gujarat Technological University   Nov. 2020 – Jun. 2023
Bachelor of Engineering, Computer Science and Engineering   *Gujarat, India*
- GPA: 9.44/10.00
- Courses: Data Structure, Advanced Database Management Systems, Web Technology, Cloud Computing, Cyber Security, Android Development, IOT and Application, Big Data Analytics, Advanced Java, Python Programming, Artificial intelligence.

Gujarat Technological University   Nov. 2017 – Jun. 2020
Diploma, Computer Engineering   *Gujarat, India*
- GPA: 9.59/10.00
- Courses: Object Oriented Programming with C/C++, Dynamic Web Development - PHP, Database Management Systems, Web Technology, Information and Network Security.

Experience

WBVF-NGO   Nov. 2023 – Present
Software Developer   *Gujarat, India*
- Developed and launched the ***WBVF official website*** ↗, serving as the **online platform** for the organization's activities and information.
- Utilized **Firebase** tools including **Dynamic Links, Google Analytics**, and **Remote Config** for personalized user experiences and dynamic content updates.
- Supported backend services using **PHP Codeigniter** with **MySQL**.
- Utilized **HTML, CSS, JavaScript, Bootstrap and other relevant technologies** with **PHP Codeigniter** to implement responsive and visually appealing website layouts.
- Additionally, designed and developed a ***Flipbook*** ↗ using **CorelDraw and HTML** for the organization.

NightFox Technologies   Jan 2023 – Oct. 2023
Software Developer Intern   *Gujarat, India*
- Developed Live System **Mobile Inward Outward Management System** for only admin side(owner).
- It's provides an **interface** for inward/outward system where admin can login to the site and can manage the entire mobile-stock. It's helping users to make decisions for their business growth.
- Leveraged **HTML, CSS, JQuery, and Bootstrap** alongside **PHP CodeIgniter** to create responsive and visually engaging website layouts.
- Handled the product catalog database using **MySQL.**

JK Technologies   Sep. 2021 – Feb. 2022
Android Developer Intern   *Gujarat, India*
- Collaborated in a team of three to develop a ***Covid 19 Tracker*** ↗ mobile app that provided detailed location-based information to assist health authorities in screening and offering timely assistance.
- Enhanced user experience with **autocompleting searches**, real-time location displays, and push notifications.
- Reduced read/write frequency through **debouncing** and **caching**, and improved user satisfaction with smooth **animations**.

Projects

STDRMS - Student Record Management System ⏏ | *Core PHP*   **Aug. 2022 – Dec. 2022**
- The Student Record System is a web-based application that efficiently manages **student data**, allowing administrators to control and update records.In this system, students are registered by an administrator, allowing effective control and tracking of student information.
- Implemented the front end for the website using **Html, Ajax,JQuery,JavaScript.**
- Developed the backend for system using **PHP and MySQL**

RWONI ⏏ | *PHP Codeigniter, js, Clean Architecture*   **Jan. 2020 – Apr. 2020**
- Created a **full-stack app** for food management, allowing users to **donate foods** and other **pivotal things.**
- Worked in a team of 3 people to develop and implement a php web application for managing volunteers and users remotely.
- Built backend services with **PHP** and utilized **MySQL** for server and database management.

Technical Skills

Programming Languages: C, C++, PHP, Java, Python, SQL, HTML, CSS, Bootstrap, Android, Dart, JavaScript
Frameworks: CodeIgniter,Bootstrap,Figma, Flutter, ReactJS
Operating Systems: Windows, Mac OS, Linux
Cloud Technologies:: AWS (Lambda, EC2, Cognito, API Gateway, AWS CloudFormation), GCP
Build Tools: Gradle
Coding: VS Code, IntelliJ
Version control: GIT
Database Systems: MySQL, GCP Firebase
Documentation: Microsoft Suite

Achievements

Certification: Smart India Hackathon, SSC Blue Prism Training, Leadership and Management, Entrepreneurship Development Programme
Co-Curricular: SIH 2K22 - Smart India Hackathon, Finance Organizer - SVMIT Event
